

**REMARKS**

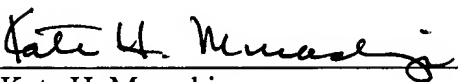

The specification has been amended to reflect the status of this application. The amendment to the claims is solely to delete multiple dependencies. Clearly no new matter is added.

The amendment assumes that the replacement pages filed with the response submitted 4 May 2005 to the First Written Opinion and reflecting amendments to the claims have been substituted for the claims originally filed with the PCT application.

In the unlikely event that the transmittal letter is separated from this document and the Patent Office determines that an extension and/or other relief is required, applicants petition for any required relief including extensions of time and authorize the Assistant Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing docket No. 532552000102.

Respectfully submitted,

Dated: October 17, 2005
